

BABE WOULD YOU GIVE (Heinz Broucek)

Album: LH2S / 2018

Autor: Heinz Broucek

VERSE-1

The first time I saw you I was workin' for mail, I had a letter to 1-0-5 in red-brick-lane.
I rang your bell and you opened the door and I could'nt think of the letter no more.
I saw your eyes staring at me – and I could'nt help I had to say:

CHORUS-1

Babe would you give your love to me
Lost in your arms is where I wanna be
Babe would you give your love to me
Your love is what I need so desperately.

VERSE-2

Next time I saw you at the property store – you were looking for plants beside the back-door
I ran through the rows – made the shortest way and I got you at the desk, you were about to pay.
I scattered some nails over the floor – then I tried to explain what I'm here for

CHORUS-2

Babe would you give your love to me
I want to hug and kiss you endlessly
Babe would you give your love to me
Your love is what I need so desperately.

VERSE-3

Well life goes on & so our love – we're on our holidays, the summer & the sun, you & me in all ways
Most of the time we spend behind closed doors, you & me, me & you, that's what we're living for.
You kiss me and I kiss you – there's nothing else what we could do

CHORUS-3

(female) Babe would you give your love to me
I need you close so desperately
Babe would you give your love to me
Love me, hold me, come to me.

CHORUS-4 & Chorus-5

(both) Babe please hold your love on me
Nothing else matters, we let it be
Babe please hold your love on me
So strong, so true, so endlessly
